Approximate Dimensions (Inches)

Height: 28

Width: 29 7/8

Depth: 23 3/16

Product Description

Start baking immediately with No Preheat

Eliminates time wasted waiting on your oven to heat up - simply place your food in the cold oven and get to meal time, in no time. No Preheat is best used for single-rack baking of frozen or pre-made items and food that needs to cook for longer than 10 minutes.

Deliver all of the flavor and none of the guilt with Air Fry

Air Fry allows you to make healthier and delicious meals for the entire family, right in your oven.

ReadyCook Air Fry Tray is included

For perfectly crispy and delicious Air Fry results. ReadyCook Air Fry Tray is not required to use Air Fry.

Experience a hassle-free way to cook with Slow Cook

With Slow Cook, your food cooks slowly and at a lower temperature (as low as 100°F), allowing you to lock in moisture and flavor without over or undercooking your food.

Achieve bakery results at home with Steam Bake

With Steam Bake, steam evenly circulates throughout the oven cavity, resulting in breads and muffins that rise higher and are light and fluffy.

Take the guesswork out of cooking with the Temperature Probe

The Temperature Probe monitors and alerts when the desired finished cooking temperature has been reached.

Peace of Mind with our Frigidaire Fit Promise

We promise that your new 30" Frigidaire Professional double wall oven will fit your existing cabinet cutout of the same width and configuration, or we will reimburse you up to \$300 for cabinet modification costs.

Offers two convenient cleaning options

Enjoy more cleaning flexibility. Select Steam Clean for a quick, 30 minute clean or choose Self Clean, which is available in 2, 3 and 4 hour cycles.

Enjoy crispy, perfectly roasted meals with Steam Roast

Steam Roast uses moisture to make perfectly crispy and tender meats and vegetables that are roasted to perfection.

Smudge-Proof Stainless Steel

Resists fingerprints and cleans easily.
